# Maj. Gen. David H. Petraeus in Rabiah Syrian Border

- In this handout photo from the U.S. Army, Maj. Gen. David H. Petraeus, commander of the 101st Airborne Division, right, shares a laugh with a local tribal leader during the reopening of the Rabiah border crossing with Syria Tuesday May 13, 2003 in Rabiah, Iraq. Petraeus said his forces reopened a crossing near the northern city of Mosul to trade in accordance with United Nations regulations. He was referring to remaining sanctions that ban shipments of weapons and other restricted material to Iraq. (AP Photo/U.S Army, James Matisse/HO).

- *I write this article for the same reason I wrote my book: to tell the American people, and especially American Jews, that Jews from Islamic lands did not emigrate willingly to Israel; that, to force them to leave, Jews killed Jews; and that, to buy time to confiscate ever more Arab lands, Jews on numerous occasions rejected genuine peace initiatives from their Arab neighbors. I write about what the first prime minister of Israel called "cruel Zionism." I write about it because I was part of it.*

# About The Fall of the Athenian Republic

- **"A democracy cannot exist as a permanent form of government. It can only exist until the voters discover that they can vote themselves largesse (generous gifts) from the public treasury. From that moment on, the majority always votes for the candidates promising the most benefits from the public treasury, with the result that a democracy always collapses over loose fiscal policy, (which is) always followed by a dictatorship."**
